The deadline for income tax filing is April 17.

Free electronic filing is available to active duty personnel and their family members at the Presidio of Monterey Staff Judge Advocate Tax Center located at Building 275, Plummer Street, Presidio of Monterey.

Tax filers must first have their returns prepared personally or by their appointed Unit Tax Advisor. Tax Center hours of operation are from 8 a.m.-4 p.m.

Electronic tax return filing provides a faster refund and is a free service provided by the Office of the Staff Judge Advocate. Individuals generally will receive their refund within two to four

weeks after filing the return. The following returns can be filed electronically: Form 1040, Form 1040A, and Form 1040EZ.

Electronic filing uses automation to replace many manual steps needed to process paper returns. As a result, processing for electronic returns is faster and more accurate. However, errors on the return or problems with its transmission can delay processing.

As with a paper return, you are responsible for making sure your return contains accurate information and is filed on time.

Commander signs proclamation to recognize Child Abuse Prevention Month

Hello all,

This month is Child Abuse Prevention Month, a very important subject for all of us. Nothing is more precious than our children; they are our future, and we must protect them and provide for their well-being. Abuse can occur in many ways and forms. It is up to us to protect our children from all types of abusive situations, and moreover, provide for a positive, nurturing, loving environment to allow them to grow into strong healthy citizens of this great nation of ours. Please join me this month in the

fight to prevent child abuse.
Thanks for listening.

Editor's Note: The Presidio of Monterey Proclamation, printed below, will be read at the Monterey County Child Abuse Prevention Council Awards and Proclamation Breakfast April 11, at the General Stilwell Community Center. The breakfast begins at 7:30 a.m. Tickets are \$13. For information, call Army Community Service at 242-7653 or the Child Abuse Prevention Council at 755-4474.

Keeping children safe at home, safe in the community

Child Abuse Prevention Month Proclamation

One of the most important campaigns to support military families is the campaign against child abuse.

From year to year, between six and seven Army children per 1,000 are involved in substantiated cases of abuse and neglect each year. This number is far below the civilian statistic of 13.9 per 1,000. But it is still unacceptably high.

It is the duty of every service member and every parent to prevent this abuse. But it is also the duty of every member of our community. We dedicate April 2000 as Child Abuse Prevention Month at the Presidio of Monterey as part of our year-round commitment to protecting children and building healthy families.

Parenting in today's Armed Forces is difficult. Frequent deployments and TDY's put increased stress on families and multiple pressures on youth both at home and in the community.

We all need to do our part in seeing that our children are safe from abuse and neglect and that their

families get the help they need. Our mission depends on it; our duty requires it.

This year's National theme is "Keeping Children Safe at Home" – to which we add "and Safe in the Community." The Presidio of Monterey community can make it safer for all children by identifying and reporting suspected abuse or neglect.

The Family Advocacy Program is a key resource for preventing and treating child abuse and neglect. Make sure you and your service members are fully aware of services that support families.

Join me in a communitywide partnership for prevention. Be a part of an all-star military team to keep kids safe at home and everywhere in our community!

DLIFLC representative captains winning spelling bee team in PG

An adult spelling bee team including a member of the DLIFLC community took first place in the annual Pacific Grove spelling bee March 17. David Riddle, chief of Legal Assistance, Staff Judge Advocate Office, was captain of the four-person team that earned first place.

In the final showdown with the second place team, Riddle’s team corrected the other team on “botryoidal,” shaped like a cluster of grapes, and won by spelling “entomogenous,” growing on or in the bodies of insects.

The event brought out crack spellers from throughout the community, and an audience filled Merrill Hall at Asilomar to watch 24 teams vie for the championship. The event raised \$8,500 for the library’s book and program fund.

The adult spelling bee rules allow team members to consult each other and write the word before spelling it within a one-minute time limit. Teams that miss a word may buy back into the competition up to three times. Teams may pass on a difficult word by “selling” it to a team of its choice. Friendly rivalries between teams develop quickly in the spirit of fun, fund raising and good spelling.

Knowledge of foreign languages proved beneficial to the leading teams. Anyone interested in forming a DLIFLC team for the next adult spelling bee is invited to contact David Riddle at 242-6383, or stop by building 275.

Clinic offers information on TRICARE procedures

What is TRICARE?

TRICARE is a health care program for members of the uniformed services, their families, survivors and retired members and their families. TRICARE brings together the health care resources of each of the military services and supplements them with networks of civilian health care professionals to provide better access and high quality service while maintaining the capability to support military operations. There are 11 TRICARE Regions in the U.S. plus TRICARE Europe, TRICARE Latin America and TRICARE Pacific. Each region has an assigned representative, or lead agent, who is responsible for the military health system in that region.

Monterey is located in TRICARE Region 10 which is administered by Foundation Health Federal Services. The lead agent is David Grant Medical Center located at Travis Air Force Base. All active duty in the Monterey area receive their medical care from the Presidio of Monterey Army Health Clinic and must receive authorization from a clinic provider before obtaining any civilian care, except emergency care. Clinic information can be obtained by calling 242-5234, 242-5663 or 242-5741.

Family members can obtain civilian medical care through their TRICARE Prime, Extra or Standard benefit. Family members should contact the TRICARE Service Center immediately after arriving in the Monterey area to ensure their TRICARE benefit is established in the new region. Failure to properly transfer enrollment or disenroll from the previous region could unknowingly result in significant out-of-pocket expenses for beneficiaries. The TRICARE Service Center is located at the Presidio of Monterey Annex, 4399 Parker Flats Cutoff, next to the former Silas B. Hayes Hospital. The phone number is (800) 242-6788. *(Courtesy of Army Health Clinic)*

Web site offers information on commissary shopping

The www.commissaries.com site, launched in fall 1999, offers just about any information you could be looking for about your local commissary in one central site. Individual links will take you to any commissary store in the system.

Individual store sites are a wealth of information about what's available in your local store. They give basic information such as store hours, directions to the store, which credit cards the store accepts, and the store manager's e-mail address. The sites also have space for the local managers to

personalize and bring attention to any special features their stores offer.

Besides information on individual stores, the site has a number of helpful features. Perhaps the most useful is a listing of sale items for the current week. Commissaries are prohibited by law from advertising their prices outside the stores, but this site lists sales by the percentage off the regular price. *(Courtesy of American Forces Press Service – The Presidio of Monterey Annex commissary is listed under Locations, in the Western/Pacific Region as “Monterey.”)*

Presidio Police offer information to prevent incidence of date, acquaintance rape

Editor's Note: The following commentary was written indicating the male as the aggressor, the female as the victim because this is statistically most common. However, because rape is a crime of power, control and anger, anyone – male or female – can become a victim of this crime.

Date rape is a topic that few people are truly comfortable discussing. Below are some things you should remember about date and acquaintance rape – whether you are male or female.

Date rape is a power trip.

Let's look at sexual stereotyping and how men and women talk to each other.

Although things are changing, society still frequently encourages men to be competitive and aggressive and teaches women to be passive and avoid confrontation. Men often misunderstand a woman's words and actions – the "She said no, but she meant yes" excuse. Some people still believe that it's OK for a man to demand sex if he buys a woman dinner or gifts, and that it's not wrong for a man to rape a woman who previously had sex with him or other men.

Rapists aren't always strangers.

As a woman, you can:

- ☐ Talk openly about sex, and keep talking as you get deeper into a relationship.
- ☐ Be careful not to let all your ability to take care of your decisions.
- ☐ Trust your gut feelings place or the way he acts make you nervous or uneasy, get out.
- ☐ Check out a first date or blind date with friends. Insist on going to a public place like a movie, sporting event, or restaurant. Carry money for a phone call and taxi, or take your own car.
- ☐ Don't leave a party, concert, game, or other social occasion with someone you just met or don't

☐ Take a look at the men around you and be wary of anyone who puts you down, or tries to control how you dress or your choice of friends.

☐ Date rape is about power, control, and anger – not romance and passion.

As a man, you can:

- ☐ Ask yourself how sexual stereotypes affect your attitudes and actions toward women.

Accept a woman's decision when she says "no." Don't see it as a challenge.

☐ Avoid clouding your judgment and understanding of what another person wants by using alcohol and other drugs.

☐ Realize that forcing a woman to have sex against her will is rape, a violent crime with serious consequences. Never be drawn into a gang rape – at parties, fraternities, bars, or after sporting events.

☐ Seek counseling or a support group to help you to deal with feelings of violence and aggression against women.

If date rape happens to you:

☐ Get help. Phone the police, a friend, a rape crisis center, a relative. Don't isolate yourself, don't feel guilty, and don't try to ignore it. It is a crime that should be reported. Rape by someone you know is a violation of your body and your trust.

☐ Get medical attention as soon as possible. Do not shower, wash, douche, or change your clothes. Valuable evidence could be destroyed.

☐ Get counseling to help deal with the emotional trauma caused by rape.

When someone you know, a date, boyfriend, or casual friend forces you to have sex, it's still rape.

If it happens to someone you know:

Believe her.

Offer comfort, and support. Go with her to the hospital, police station, or counseling center.

☐ Let her know she's not to blame.

☐ Take a stand against date rape!

☐ Ask your unit chain of command or dean of students to sponsor a workshop on date rape and sexual stereotyping.

☐ Volunteer at a rape crisis center or hotline.

☐ Ask your church to organize a speaker and panel discussion on date rape.

Date rape is a serious crime. It's a betrayal of trust and can leave long-lasting emotional injuries.

For more information on Date Rape contact the Presidio of Monterey Police Department, Crime Prevention Officer Preston Proctor at 242-7868, Army Community Service Family Advocacy Branch at 242-7653, the Monterey Rape Crisis Center at 375-4357, or your unit commander.
